Q: Who are we?

I am **Ankit Gadgil**, Mozilla Volunteer.

These are my friends they are also volunteers for Mozilla.

You can call us **Mozillians**.

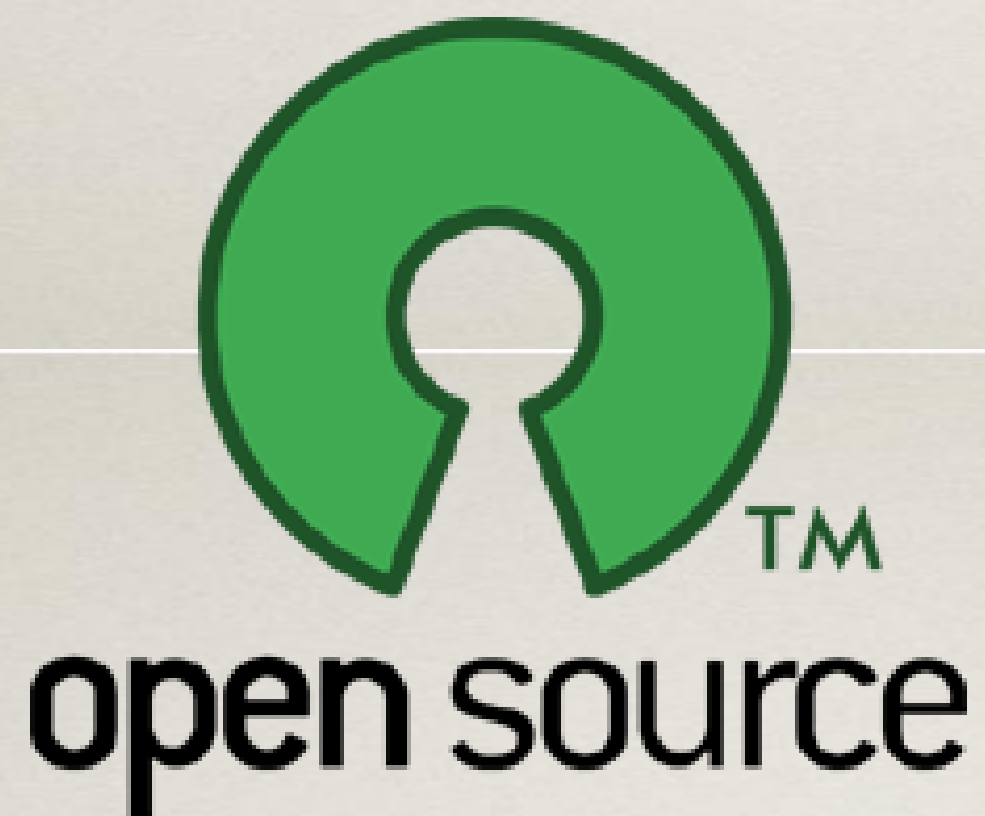

Q : What we do?

We are all students just like you. We find some time to contribute to Mozilla, open source and ultimately the open web.

Q : What is Mozilla?

An open source organization promoting the open source, software freedom and open web.

Mozilla Firefox

Meet the World's Best Browser

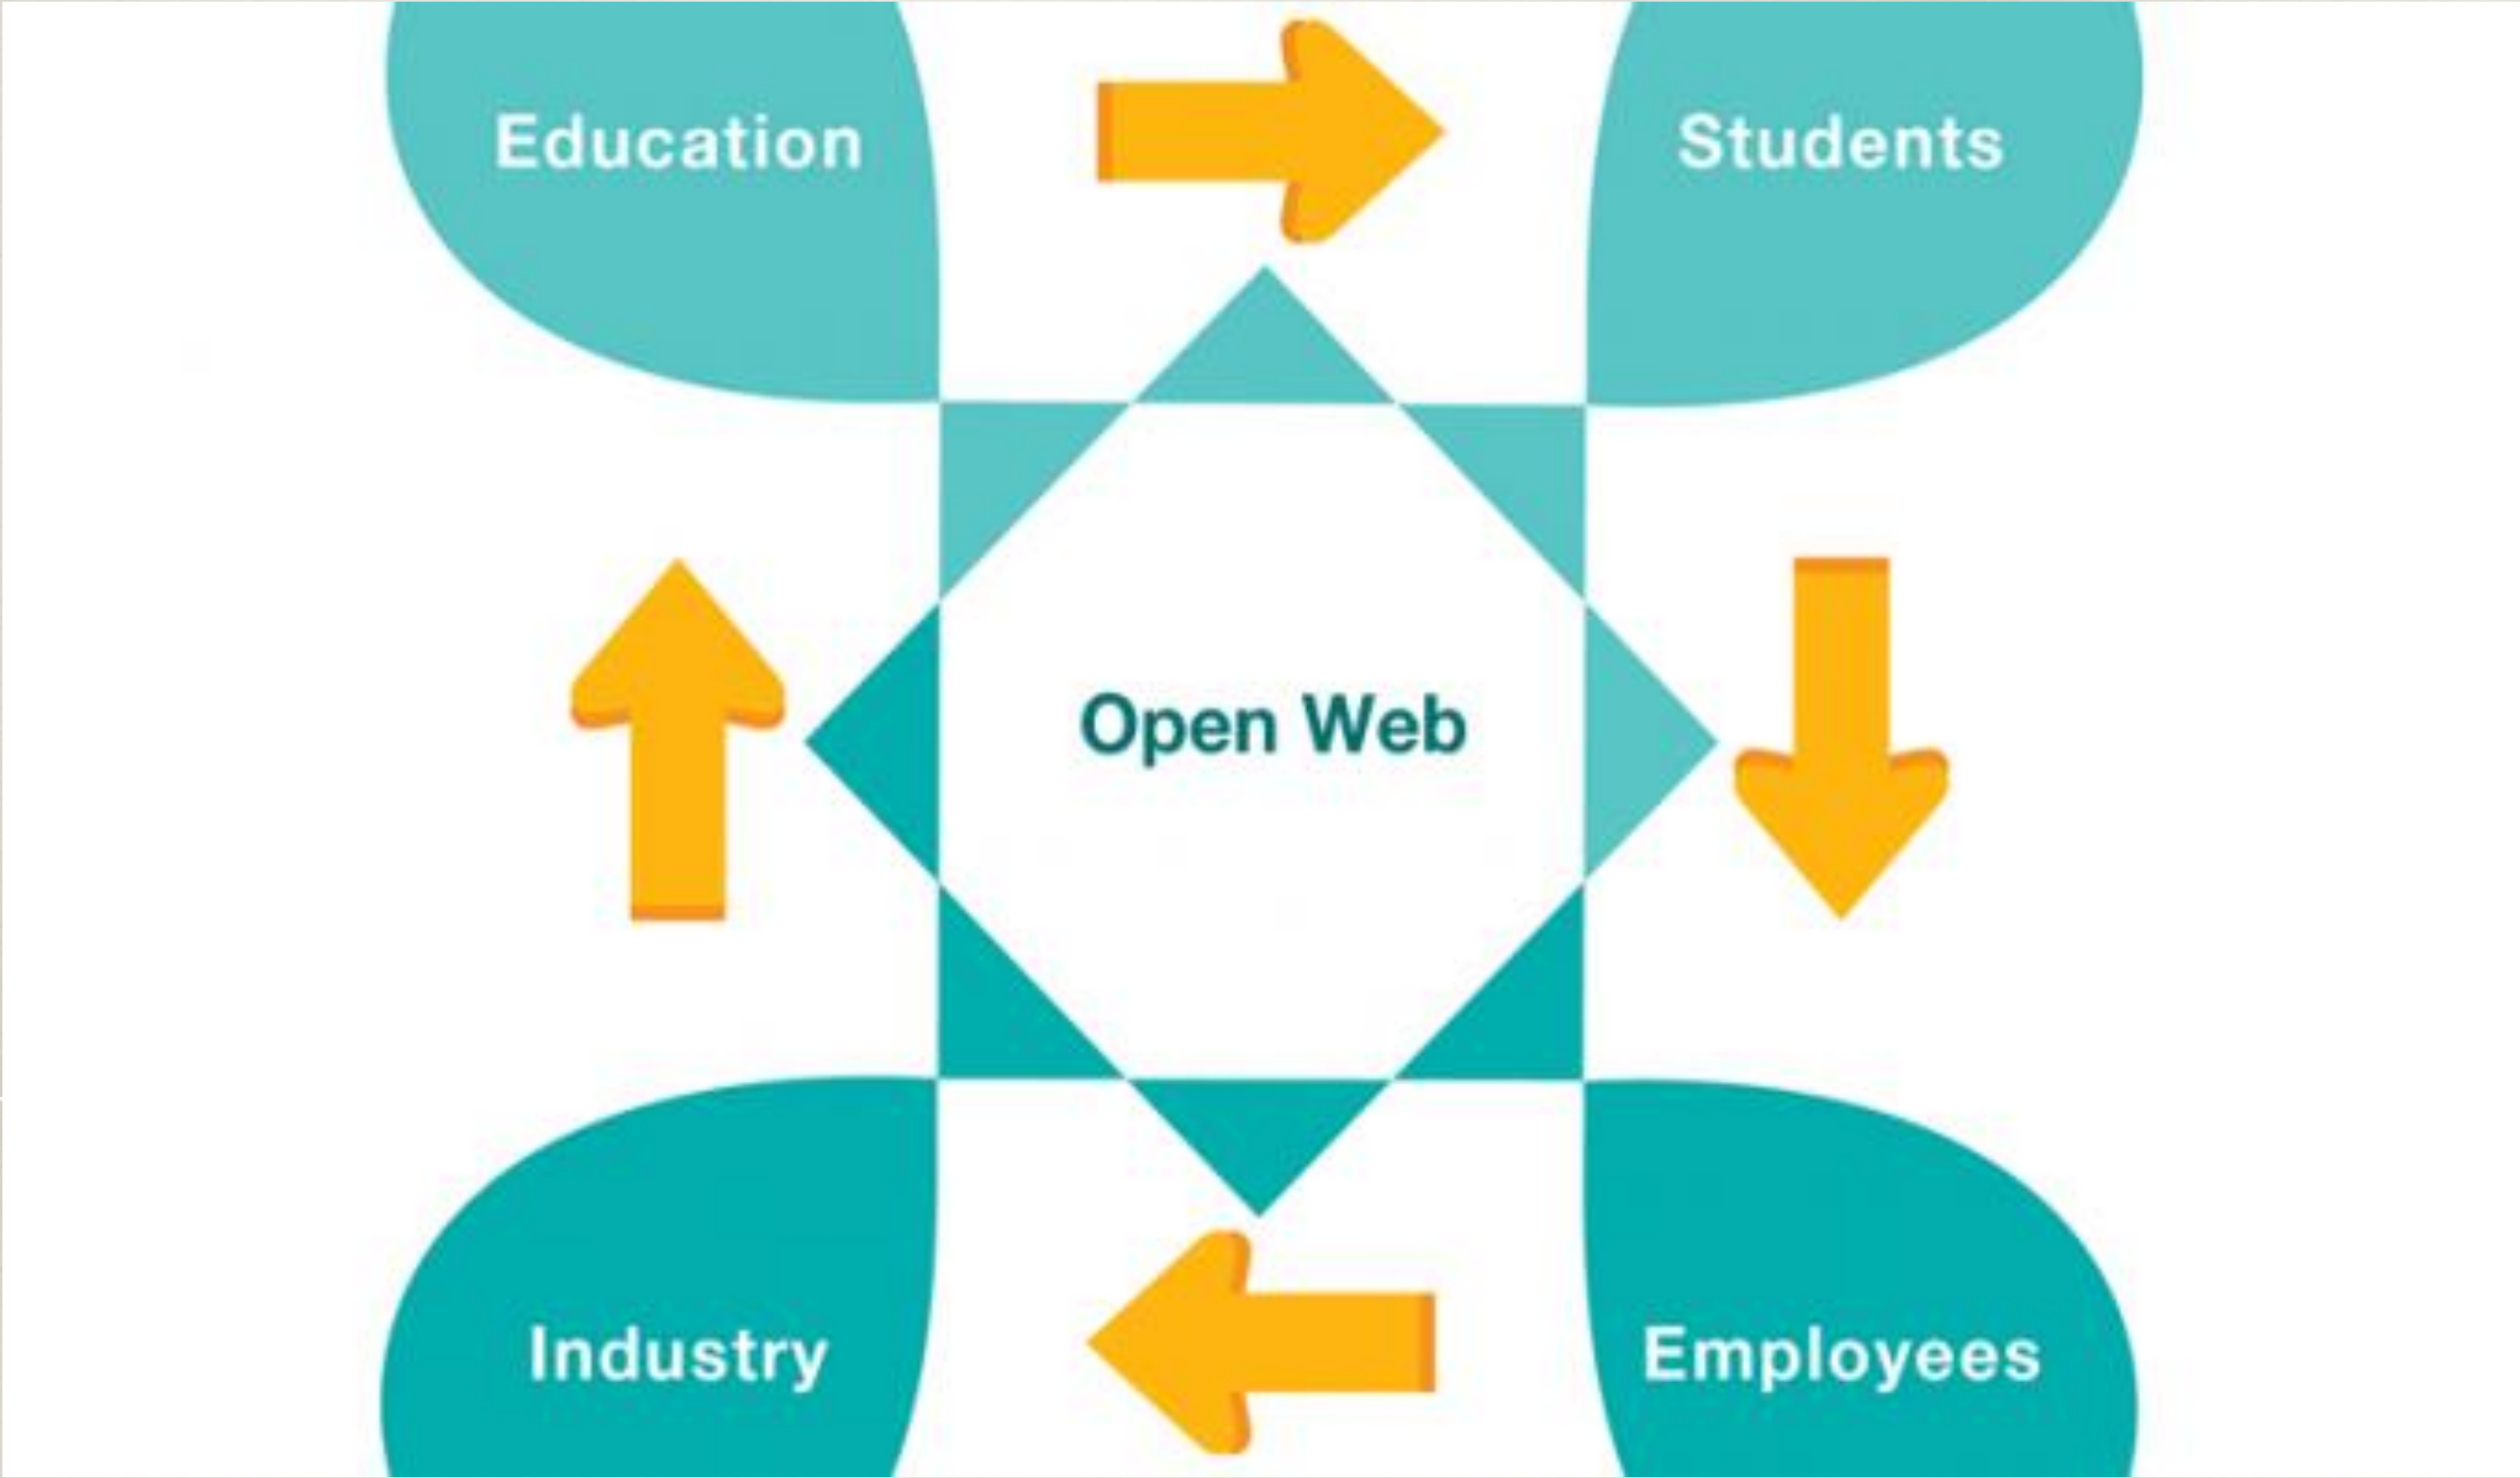

- Personalization
- Security & Privacy
- Performance
- More Features

Q : What is the web ?

Q : what is open web ?

- Desentralized
- Transparency
- Hackability
- Open
- Accessible

Q : why to care ?

The web - it is built of parts, html parts.
These parts are called as tags.

<HTML>

<HEAD>

<BODY>

etc ...

HTML

CSS

All the webpages on the internet are made like this.

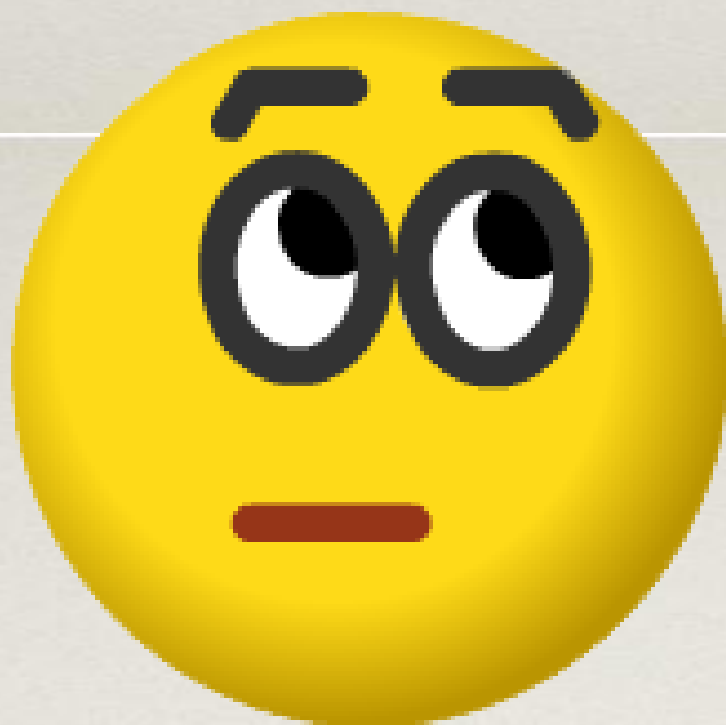

1st webpage on the internet. -

<http://info.cern.ch/hypertext/WWW/TheProject.html>

Q: What if you are able to alter the web?

Q: What if you are able to build your own web?

- wow that would be awesome.

But how ... ?

ANS:

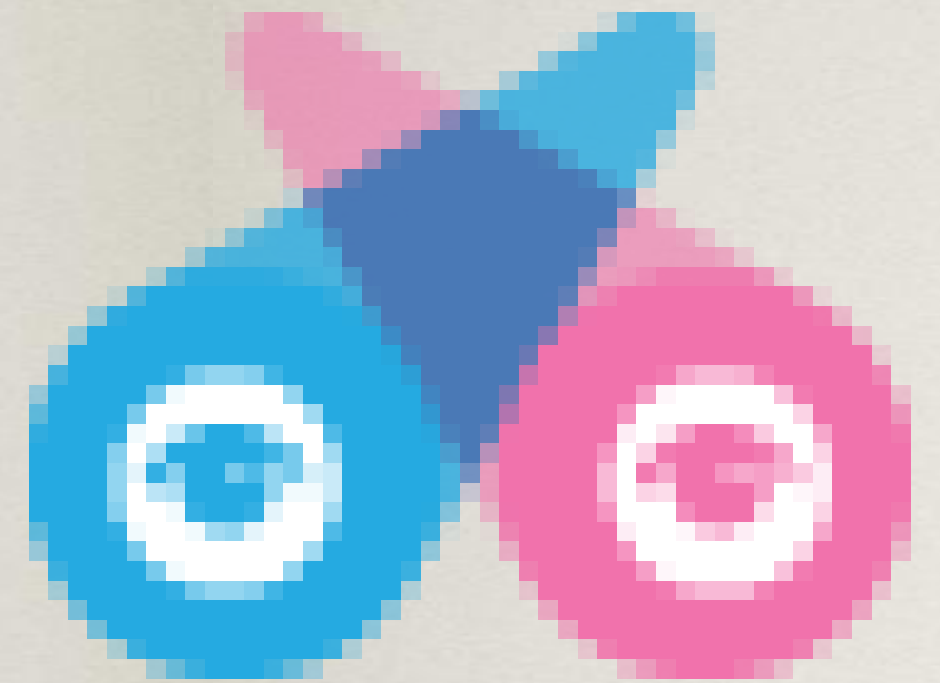

A screenshot of the Mozilla Webmaker Tools homepage. At the top center is a small icon of a toolbox. Below it is a green banner with the text 'WEBMAKER TOOLS' in white. The main heading reads 'Make something amazing with the web'. Below this, there are three tool cards. The first card on the left has a pin icon and is titled 'Thimble' with the description 'Make and share your own web page'. The second card on the right has an icon of two eyes and is titled 'X-Ray Goggles' with the description 'Explore and remix any web page'. The third card at the bottom center has a popcorn icon and is titled 'Popcorn Maker' with the description 'Supercharge web video'.

WEBMAKER TOOLS

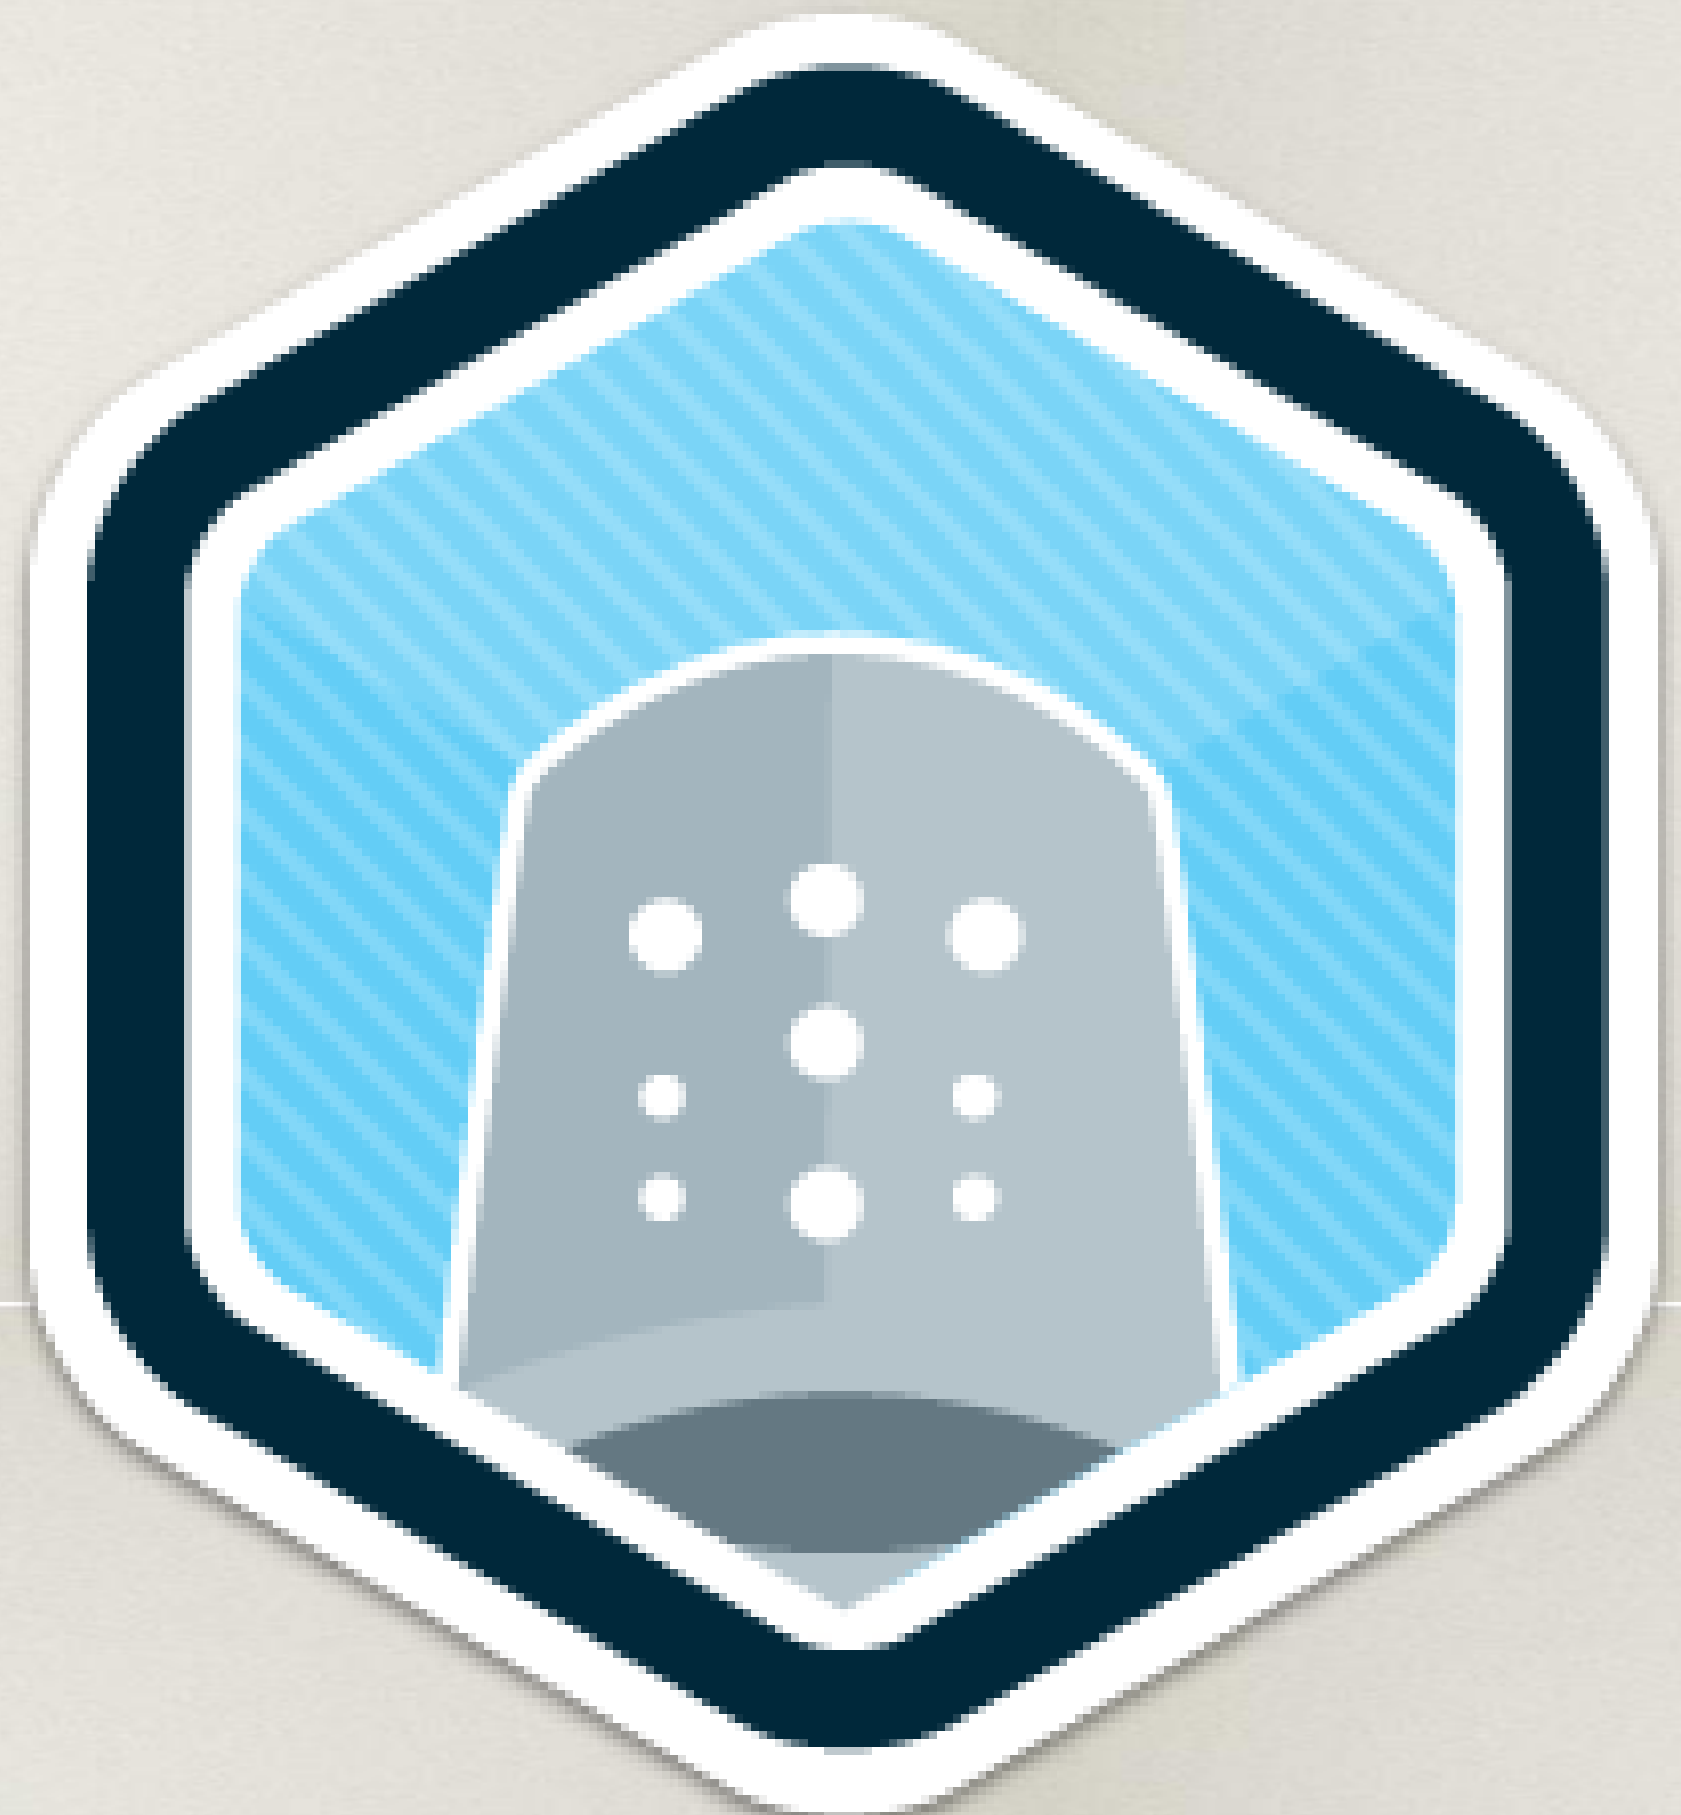

Make something amazing with the web

	Thimble Make and share your own web page		X-Ray Goggles Explore and remix any web page
Popcorn Maker Supercharge web video			

➤ Mozilla Hackasaurus
X-ray Goggles

➤ Mozilla Thimble

➤ Mozilla Popcorn Maker

While doing this you can earn Badges.
